kombi

billy mac clothing is an online t-shirt design business catering for kids aged 0-8.

billy mac's core is in art, design and popular culture and our t-shirts are aimed at the coolest kids in town ... or the adults who can still remember being that cool or dream of being that cool.

billy mac aims to avoid the cutesy kids t-shirts that you are used to, without making your toddlers appear too grown up (or the adults that also wear them). Plus, if you wish we can personalise any design or completely customise any shirt, so you know you are wearing something absolutely unique.
