Warren Thomas

Vocals/Rhythm Guitar

Singer/Songwriter, Warren has been in the entertainment industry over two decades covering broad areas including; writing, directing, and producing for television and radio jingle/advertising as well as being a touring performer.

He left the jingle writing business in Bundaberg in 1996 for full time touring with 'Diana Woods Duo' [Atlanta, Brian Cadd] and later Warren's own solo act on the East Coast and Western Queensland circuit playing both covers and originals. In 1999 he ceased touring and moved back to his hometown of Brisbane to pursue multimedia interests including documentaries, music composition and advertising.

Warren's vast experience in the entertainment industry includes many successful audio visual campaigns including his song *Lucky Country*, (which was short listed for the Sydney 2000 Olympic Album), and the *Chicky Babe* song for the Altogether Now sitcom circa 1992. He also wrote *Wide Open Spaces* for the Diana Woods album '*Fly Free*' which had extensive airplay throughout Queensland. He produced a number of successful TV and radio campaigns including Bundaberg Tourism television commercial for Channel 9.

Warren is the owner and creative director of Brisbane based audio visual production business 'Warren Thomas Productions'.

Greg French

Vocals/Lead Guitar

Also with over two decades experience in the Australian music scene Greg has played many venues! For a number of years now he has also been using his undoubted vocal and instrumental talents as a solo performer, as well as performing with his friends in duos and bands. He has had the good fortune to know and have played with some of the local 'legends' like John Paul Young, Normie Rowe and Doc Span and the talented people in their backing bands. And a few solo forays into South East Asia when a working holiday was called for!

With a repertoire of hundreds of songs covering Rock, Pop, Country, and Blues (and many years experience) he can entertain an audience with songs that range from laid back ballads to classic hard Rock and Roll (and everything in between!).

Warren Thomas Duo

Although specializing in performing the great classic songs of Creedence Clearwater Revival, Joe Cocker, The Beatles and many more great artists accompanied with full digital backing, 'Warren Thomas Duos' diversity to entertain their audience can be customised to suit the more mellow venue (restaurants, boat cruises, cocktail bars etc) with just acoustic guitar and vocal harmony delivery or, deliver to a full on rockin party crowd. Their ability to communicate with their audience between songs (be it a full on party or dinner crowd) enables the audience to feel they have a personal connection to their shows.
